www.aestheticachicago.com

You have consulted with Aesthetica Chicago for treatment of hypotichosis (inadequate or not enough eyelashes). You have requested a prescription product called LATISSE.

In signing this consent and purchasing LATISSE you are acknowledging that you understand the following as it relates to the use and purchase of this product:

- Do not use LATISSE solution if you are allergic to one of its ingredients.
- LATISSE solution is intended for use on the skin of the upper eyelid margins at the base of the eyelashes. DO NOT APPLY to the lower eyelid.
- LATISSE use may cause darkening of the eyelid skin which may be reversible. Although not reported in clinical studies, LATISSE use may also cause increased brown pigmentation of the iris of the eye which is likely permanent.
- The most common side effects after using LATISSE solution are an itching sensation in the eyes and/or eye redness. LATISSE may cause some other less common side effects which typically occur on the skin close to where LATISSE is applied or in the eyes. These include skin darkening, eye irritation, dryness of the eyes and redness of the eyelids.

Please INITIAL the following statements if you agree:

_____ I do not have glaucoma or any history of abnormal intraocular pressure (IOP).

_____ I understand this is a prescription product. I have seen, or been given the opportunity to see, the Doctor for any questions related to this product.

_____ This product is not refundable for any reason, since it is a prescription product.

_____ I understand that usage of this product is completely voluntary. No guarantees have been made regarding its effectiveness.

I have read and fully understand the above which has been explained to me verbally by the physician or her designated staff and as explained in this signed consent.
